

COLOR

FOR ALL

COLOR TECHNOLOGY

ADVANTAGES

- LED-backlit color display that's easy to see in bright sunlight and from wide viewing angles.
- Color helps you quickly identify fish targets, bottom hardness, thermoclines and more.

PROVEN LOWRANCE FISHFINDER

FEATURES

- Easy-to-use menus and dedicated quick keys simplify operation
- Proven, award-winning Broadband Sounder™ fishfinder performance
- Dual-frequency 83/200 kHz sonar helps maximize your underwater view
- Includes patented Skimmer® transducer with water-temp sensor
- Fish I.D. displays fish icons instead of fish arches to help identify fish targets
- Advanced Signal Processing (ASP) reduces the need to manually adjust settings to see fish, structure and bottom detail more clearly

A BREAKTHROUGH IN

VALUE

- The world's most affordable color fishfinder.
- Limited one-year warranty and supported by the Lowrance Advantage Service
